Pupil Free Day

Thursday 12 December 2024

From the Principal

Hello Friends

As I write this newsletter article there are four school days remaining with students finishing school on Thursday, 4 July and staff returning on 5 July for professional development and I remind families that 5 July is a Pupil Free Day. For families requiring care on this day, Camp Australia is providing an OSHC service. Please use the Camp Australia portal to secure your place.

Gum Tree adjacent the Courtyard

A recent arborist report conducted on the trees in our schoolyard highlighted the need to have the large gum tree on the eastern end of the courtyard removed. We have made the decision to remove this tree as per the arborist recommendation. We envisage this work will occur during the school holidays and three trees will be planted, as per council regulations in the place of this large tree being removed. This was a difficult decision to make as the tree is a significant focal point of our school perimeter however for safety's sake the action needs to take place.

Canberra Trip 2024

Last week our Yr 6 students travelled to the Nation's capital to visit various landmarks and venues such as Parliament House, the Australian War Memorial, the Australian Institute of Sport, Questacon and many other famous landmarks and destinations. We received so much positive feedback about our school leasers' behaviour and demeanour and despite the temperatures reaching subzero overnight everyone was in great spirits and enjoyed the trip immensely. I thank Anne Marie Hall for coordinating the trip, Meri Blake for attending the three-day trip and Niamh McKeough for all of the financial work associated with this trip.

Lost Property

If your child is missing any items of clothing or school resources, the lost property box which is located at the bottom of the internal staircase, is always a good place to start looking. The upcoming holidays is a great time to take students items home to be cleaned or washed such as hats and it is always a great idea to check at the very bottom of students' schoolbags as there is quite often a 'surprise' that has been in the schoolbag for quite some time.

Staffing News

We welcome to our ESO Curriculum team, Joel Saunders, Sophie Cook and Jorjia Kleemann. We look forward to the work they will continue to do with our students across the school and the support they offer to our teachers. Welcome to Christ the King School.

Holiday Downtime

I trust that the holidays provide some downtime for students where they can take a break from the 'hurley burley' of school life and recharge the batteries ready for Term 3. During these cooler school holidays, it's always great if families can head to public library to share a library book or activity, or head somewhere warm. Conversely a walk in the park or along the beach is also a great winter activity. I wish all our CTK families a safe and happy break and look forward to seeing everyone back here on **July 22** for our first day of school for Term 3.

Optimism with some experience behind it is much more energizing than plain old experience with a certain degree of cynicism. Twyla Tharp

Thanks And Blessing

From the Office

Office Hours

Our school office is open Monday to Friday,
8:30am to 3:30pm during school terms.
CLOSED during term breaks.

The School Day

Children are expected to arrive no later than 8:40am.
The overall structure of each school day is:

8:45am Lessons commence (learning time starts)
10:55am to 11:20am Recess
12:50pm to 1:00pm Lunch (allocated eating time)
1:00pm to 1:30pm Lunch (allocated playtime)
3:10pm Home / Pick up time

The school grounds are supervised from 8:20am until 3:30pm.

Any child on the school grounds outside of these times will be placed in the Out of School Hours Care program and the parents billed accordingly.

Change of Details

Reminder if you have moved house, changed jobs, changed phone numbers or email to please let the office know your new details.

You can do this easily via the Audiri App -

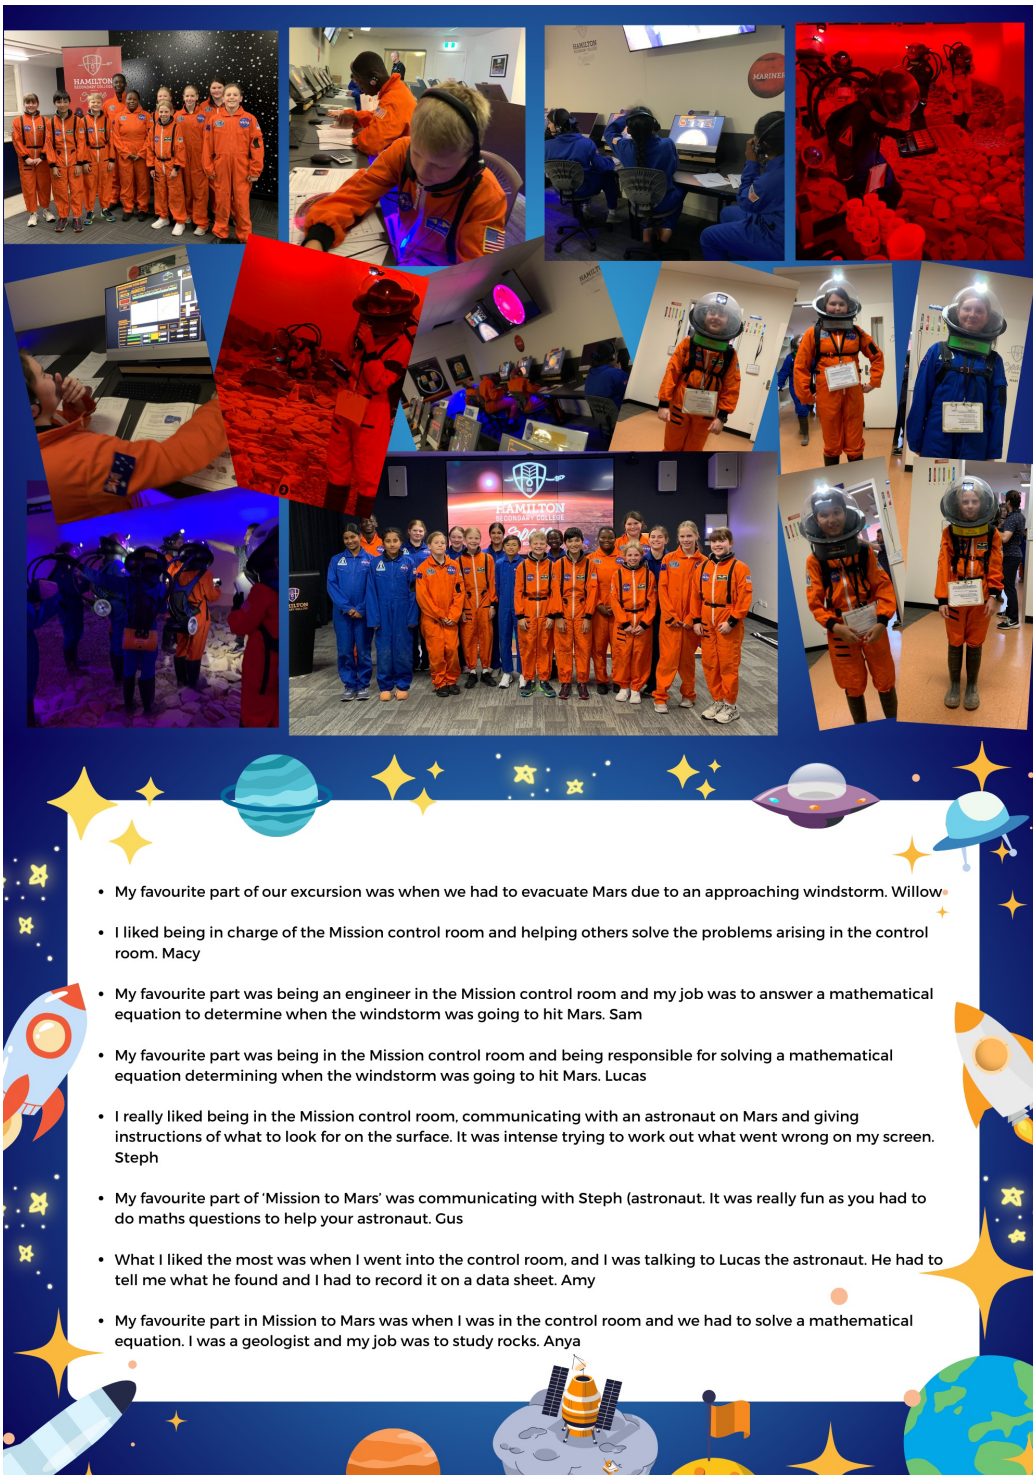

- Forms Tab
- Change of Details
- Fill in the eform
- Hit submit

Year 6 Mission To Mars

Year 6 Mission to Mars Excursion

- The best part was when I was in mission control and I was communicating with one of the astronauts on the surface of Mars. Neve
- I enjoyed working in mission control to collect data from the surface of Mars. Addison
- I really liked gazing up at the night sky in the star dome. Teegan
- I enjoyed being the engineer in mission control and having to solve a mathematical equation to help save the astronauts from a windstorm on Mars. Matilda
- The best part was seeing all the star constellations and hearing about how they came to be in our night sky. Sonia
- I really liked being in the mission control room, where I was communicating with one of the astronauts on Mars. Gurmehar
- I learnt that Mars could be a future home to us, should Earth become uninhabitable. Max
- I enjoyed being on the surface of Mars, collecting rock samples and relaying information to the mission control room. Tawana
- I liked wearing the space suit and walking on the surface of Mars, collecting information about rocks and communicating with the engineers in mission control. Lucy

- My favourite part of our excursion was when we had to evacuate Mars due to an approaching windstorm. Willow
- I liked being in charge of the Mission control room and helping others solve the problems arising in the control room. Macy
- My favourite part was being an engineer in the Mission control room and my job was to answer a mathematical equation to determine when the windstorm was going to hit Mars. Sam
- My favourite part was being in the Mission control room and being responsible for solving a mathematical equation determining when the windstorm was going to hit Mars. Lucas
- I really liked being in the Mission control room, communicating with an astronaut on Mars and giving instructions of what to look for on the surface. It was intense trying to work out what went wrong on my screen. Steph
- My favourite part of 'Mission to Mars' was communicating with Steph (astronaut. It was really fun as you had to do maths questions to help your astronaut. Cus
- What I liked the most was when I went into the control room, and I was talking to Lucas the astronaut. He had to tell me what he found and I had to record it on a data sheet. Amy
- My favourite part in Mission to Mars was when I was in the control room and we had to solve a mathematical equation. I was a geologist and my job was to study rocks. Anya

Year 6 Canberra Trip

What a fantastic experience we had visiting our nation's capital city!

We visited:

- Parliament House
- Australian War Memorial
- Royal Australian Mint Exhibition

Old Parliament House - Museum of Australian Democracy and National Electoral Office

National Capital Exhibition

National Art Gallery

Government House

Australian Institute of Sports

Mt. Ainslie Lookout

In all these venues we participated in great interactive educational sessions led by facilitators. We even had some fun time together in the evenings when we went ten-pin bowling and laser tagging. Our accommodation was top class and meals were plentiful and well presented. We even had a new experience in flying - when we reached Canberra, the pilot informed us that we could not land as there was less than three meters visibility on the runway and so we were in the holding pattern above Canberra for around thirty minutes, until the fog lifted sufficiently.
